| 5                    |                 |                    |                        |                                          |  |

**REVIEW -III : IMPLEMENTATION 25 Marks**

|                                                                                  |  |
|----------------------------------------------------------------------------------|--|
| <b>IMPLEMENTATION (SOURCE CODE REVIEW CHECKLIST)</b>                             |  |
| <b>a. Structure</b>                                                              |  |
| 1. Does the code completely and correctly implement the design?                  |  |
| 2. Does the code comply with the Coding Standards?                               |  |
| 3. Is the code well-structured, consistent in style, and consistently formatted? |  |
| 4. Does the implementation match the design?                                     |  |
| 5. Are all functions in the design coded?                                        |  |
| <b>b. Documentation</b>                                                          |  |
| 1. Is the code clearly and adequately documented?                                |  |
| 2. Are all comments consistent with the code?                                    |  |

**STUDENT PERFORMANCE EVALUATION**

| <b>Student's Contribution and Performance</b>                                       |                      |   |   |   |   |
|-------------------------------------------------------------------------------------|----------------------|---|---|---|---|
| <b>Particulars</b>                                                                  | <b>Marks(25M)</b>    |   |   |   |   |
|                                                                                     | <b>Group Members</b> |   |   |   |   |
|                                                                                     | 1                    | 2 | 3 | 4 | 5 |
| 1. Detailed study of Algorithm(s) / Model / Hardware specification (As applicable). |                      |   |   |   |   |
| 2. Confirmation of Data set used (As applicable)                                    |                      |   |   |   |   |
| 3. 50 % Implementation (10 M)                                                       |                      |   |   |   |   |
| 4. Partial results obtained (7 M)                                                   |                      |   |   |   |   |
| 5. Presentation skills (4 M)                                                        |                      |   |   |   |   |
| 6. Question and Answer (4 M)                                                        |                      |   |   |   |   |
| 7. Summarize the methodologies /Algorithms implemented / to be implemented          |                      |   |   |   |   |
| <b>Total(25M)</b>                                                                   |                      |   |   |   |   |
| <b>Comments (if any) :</b>                                                          |                      |   |   |   |   |

# To be filled by internal guide & reviewer(s) only.

\*Whether the presentation / evaluation is as per the schedule. : YES / NO

\***Review – III: Deliverables**

- Detailed Design (if any deviation)
- 50% of code implementation
- Some Experimental Results
- Project Plan 3.0
